

Net Results Group

Sustainable Inventory Savings

Analyze MRO Items to
Maximize Recovery
& Disposition Value

Dispositioning

The Net Results Group will maximize your investment recovery and ensure financial regulatory compliance.

On average, 6% of parts accounts for 90% of MRO inventory expenditures annually.

Research indicates that non-moving MRO inventories can grow at an annual rate of 6.7%, and greater than 30% of all SKU's purchased on an annual basis may never be used.

The MRO3i™ advanced technology suite by **Net Results Group** provides a unique opportunity to implement precision procurement processes and clearly identify MRO parts for dispositioning.

Identifying and dispossessing of MRO parts is a complicated and time consuming process. Dispositioning strategies to successfully redeploy or remarket inventory requires years of experience and comprehensive market knowledge.

Let the **Net Results Group** reduce your cost without sacrificing performance.

Dispositioning

Parts dispositioning identifies and removes excess, unused, obsolete and readily available MRO inventory parts.

Dispositioning methodology and maximizing value is a complex procedure.

MRO item description cleansing and standardizing ensures reductions in excess MRO material investment.

The MRO3i™ advanced technology suite enables smarter procurement decisions.

Typically, materials managers do not have enough time to review any one item in their inventory.

Extracting value from excess MRO materials requires precision and expertise.

Initial stock sharing of high value non-consumable or frequently moving MRO parts assists in the dispositioning process.

Subsequent to dispositioning MRO3i™ assists in a more effective part procurement process.

The experience of Net Results Group can efficiently associate unwanted MRO items to appropriate marketplaces with an optimal selling price.

Clients may average 17% to 25% of purchased price for commodity and OEM unique items.

Interest recovery, through parts dispositioning has direct and positive impact on an organization's bottom line.

Every \$1 generated from dispositioning equals \$20 through sales.

Net Results Group, LLC assist clients in all aspects of MRO practices encompassing material provisioning, inventory management, material usability and dispositioning.

Our cloud based MRO3i™ technology suite, connects to your MRO catalogue through our portal to structure your data, enabling better inventory management across your entire organization.
